(1) Summary of Significant Accounting Policies

Fire Department

The Brouillette Volunteer Fire Association, Inc. (Fire Department) was incorporated on March 13, 1985 as a nonprofit corporation as defined in Louisiana Revised Statutes of R. S. 1950 Title 12, Chapter 2, as amended. The Fire Department operates under a Board of Directors consisting of a president, vice-president, and secretary-treasurer and is elected on an annual basis. The members of the Brouillette Volunteer Fire Association, Inc. vote on all matters brought before the Board. The Fire Department serves approximately 490 structures and meetings are held quarterly. The following is a summary of certain significant accounting policies.

A. Financial Statement Presentation

The Fire Department adopted Statement of Financial Accounting Standards (SFAS) No. 117, "Financial Statements of Not-for-Profit Organizations." Under SFAS No. 117, the Fire Department is required to report information regarding its financial position and activities according to three classes of net assets (unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets) based upon the existence or absence of donor-imposed restrictions.

The Fire Department also adopted SFAS No. 116, "Accounting for Contributions Received and Contributions Made" in accordance with SFAS No. 116, contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. In addition, the Fire Department has not received any contributions with donor-imposed restrictions that would result in temporarily or permanently restricted net assets.

B. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles.

C. Cash Equivalents

Cash equivalents consist of short-term, highly liquid investments that are readily convertible into cash within ninety (90) days of purchase.

Notes to Financial Statements (Continued)

D. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1st and are due and payable on or before December 31. All unpaid taxes become delinquent January 2 of the following year. The taxes are assessed by the Avoyelles Parish Assessor's Office and collected by the Avoyelles Parish Sheriff's Office. The taxes are then remitted to the Avoyelles Parish Police Jury on behalf of Fire Protection District No. 2. The Fire Department is one of 14 members in this District. After deducting a fee of \$20,000 to defray the expenses of the Board of Commissioners of the Fire Protection District, each member is guaranteed a base amount of \$25,000. Any remaining funds are distributed to the members on a basis of structures served.

E. Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. When a temporary restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

F. Fixed Assets

Fixed assets acquired by the Fire Department are considered to be owned by it.

The Fire Department follows the practice of capitalizing, at cost, all expenditures for fixed assets. Depreciation is computed on a straight-line basis over the useful lives of the assets generally as follows:

Building and improvements	30-40 years
Furniture and equipment	5-10 years
Vehicles	5-20 years

The net fixed asset balance has been recorded as a separate component in unrestricted net assets.

G. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

2. Cash and Cash Equivalents

At year-end, the carrying amount of the Fire Department's deposits was \$101,382 and the bank balance was \$101,024. The bank balance of \$101,024 was covered by federal depository insurance.

3. <u>Due from Other Governments</u>

The amounts due from other governments at June 30, 2010 of \$10,238 consist of the following:

Due from other governments		
Fire District No. 2		\$ 6,907
2% Fire Rebate		 3,331
Total due from other govenments	e l'an e e e man	\$ 10,238

4. Fixed Assets

A summary of changes in Property, Plant and Equipment are as follows:

	Balance 06/30/2009	Additions	Deletions	Balance 06/30/2010
Land	\$ 2,000	\$ -	\$ -	2,000
